

## HANGING STICKS for the Bat Mobile (can be used instead of bamboo skewers)

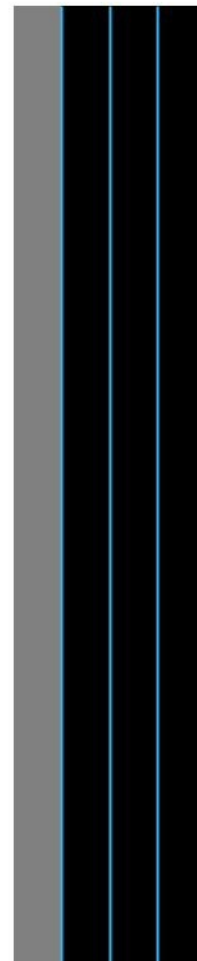

For each stick: Score and Fold **DOWNWARD** along the blue lines. Then glue the outer black panel directly over the opposite gray panel, forming a triangular beam.

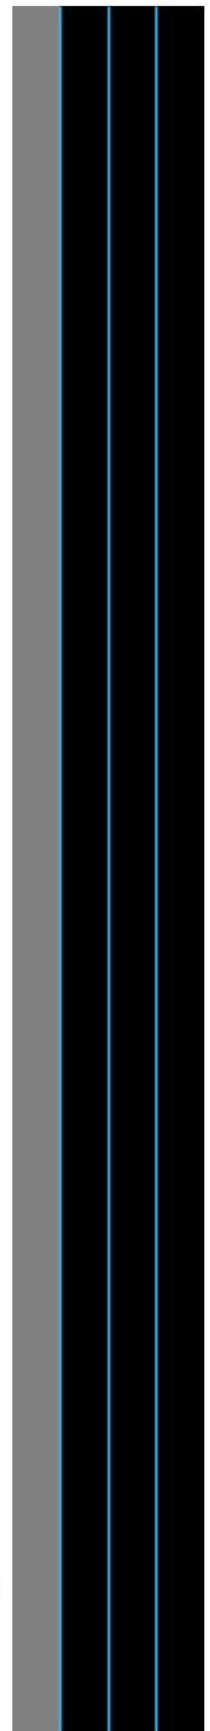

3.5 inches

3.5 inches

5 inches

9 inches

You can use a black marker to darken the blue lines after folding, and to darken the inside of both ends before gluing.
