GHOST DECORATION Assembly Instructions.

WHAT YOU'LL NEED: Scissors, Elmer's glue (or a glue stick), and a ruler or other straight-edge.

ASSEMBLY: Begin by cutting out the BODY. Fold all five tabs DOWNWARD, fold the bottom panel DOWNWARD, and then fold DOWNWARD between the four body panels.

Glue the tab with a green dot to the adjacent body panel, glue the tab with a yellow dot to the bottom panel, and then glue the tab with a red dot to the adjacent body panel. The BODY should now resemble Figure 1.

Next, cut out the TOP. Each of the three smallest tabs need to be separated from the adjacent panels on one side, by cutting where indicated in Figure 2.

Fold all eight tabs DOWNWARD and then fold DOWNWARD between all of the panels. Glue the three smallest tabs to their adjacent panels, and then do the same for the remaining three unmarked tabs. The TOP should now resemble Figure 3.

Place the TOP onto the BODY as shown in Figure 4. Glue the two tabs with yellow dots to the inside of the BODY and glue the two tabs with blue dots to the inside of the TOP.

Now cut out the ARMS. For each arm, fold the gray tab UPWARDS. Position the arms as shown in Figure 5 and glue the gray tabs to the inside of the BODY.

And that's everything! Your ghost decoration is ready to display.
